

Meeting Summary

City of Columbia Climate Protection Action Campaign Public Works Facility, 2910 Colonial Drive May 4, 2010

Attendees: *Mary Pat Baldauf, Mark Bostic, Lloyd Brown, Randy Cherry, Charles Daniel, John Dooley, Dr. Belinda Gergel, Joe Glenn, Krista Hampton, Fred Hanna, Robert Harkins, Jody Harley, Pam Harpootlian, Dana Higgins, Edgar Heustess, Grant Jackson, Mike Jaspers, Trish Jerman, Michael Koman, Victoria Kramer, Tonya Lott, Tracy Mitchell, Anne Sinclair, Nancy Lee Trihey, Srinivas Valavala Vicki Whitehead*

Mary Pat Baldauf called the meeting to order.

After introductions, Vicki Whitehead explained that Sun Printing would be printing on the back side of this year's calendar and invited groups to send environmental information that they would like included to her at vicki.whitehead@sun-inc.com. There will be no charge for inclusion on the calendar.

Baldauf then turned the meeting over to the City of Columbia Stormwater Management staff.

Victoria Kramer gave an overview of the process for the new people present. She also noted that the next two meetings would be held on Tuesday, June 1 and Tuesday, June 15. (New schedule attached.)

Mike Jaspers then made presentations on two elements: Municipal Waste Treatment, Storage or Disposal Facilities Not Covered By an NPDES Stormwater Program and Industrial Runoff. (Copy of presentation attached.)

Kramer and Jaspers then facilitated a group discussion on these two elements. Attached is a list of all comments made during the meeting, but a general overview follows.

Municipal Waste Treatment comments were limited and included the issues of county facilities run by City staff and spill prevention procedures.

Industrial Runoff comments were more numerous and included suggestions to work with Richland and Lexington counties on training and procedures, create podcasts and other communications materials, incentivize compliance with a recognition program and work to make the process as business-friendly as possible.

Before adjourning, Chairwoman Sinclair thanked everyone for attending and emphasized the importance of all members attending the stormwater meetings to provide input.

The next meeting will be held on Tuesday, June 1. Materials will again be sent out before the meeting.
